

notes from the field

Location: *Cobán, Guatemala*

Product Sourced: *Organic Cardamom*

The Story: *An update from our last catalog: Our newest Well Earth™ Partner is our Guatemalan supplier of organic cardamom. While it was the impeccable quality of their bold, green G1 grade cardamom pods that first caught our attention, it was this farming cooperative's commitment to sustainable production and their financial and social policies that support the co-op's members that solidified them as a Well Earth™ partner.*

Part of our Well Earth sourcing program.
