

notes from the field

Location: *Gampola, Sri Lanka*

Product Sourced: *Organic Cloves*

The Story: *Our organic cloves come from one of our certified Well Earth® partners, Mr. NG Wijethilaka. A father of four, Mr. Wijethilaka owns 0.75 acres, upon which he grows cloves, cinnamon, turmeric, ginger, tea, pepper and lemongrass - all intercropped, creating a huge amount of biodiversity. It's allowed him to install a well on his property so that he no longer has to walk a half kilometer for his drinking water.*

Part of our Well Earth®
sourcing program.
